

Product: Asbestos Rope

Product Asbestos Rope
Name

Product type Textiles

Sub-Product type

Trading

name(s) Other name(s)

Asbestos seal, door seal, asbestos packing rope

Product description

Soft flexible rope usually fitted in the door, lid, and hatch recess to seal the associated enclosure/box. The rope seal becomes quite hard with the age. Can be found in 100A Wilco power outlets, 11kV OCB contactor boxes and other boxes where a heat resistance seal is required.

Also used as packing / padding material around pipes.

Build element

Electricity supply, plumbing

Product identification

The rope seal can range in colours from white through grey to brown. Asbestos-containing rope seals are not easily distinguished visually from seals that are asbestos-free and tests have shown out of all known (104) 100A Wilco power outlets 10 per cent were non asbestos.

Known uses Hatch recess sealant, padding and packing
